TACIT MEETING 2026

The word of interventional cardiology is thrilling, with many rapid changes and need for advanced skills. We believe that proper training to acquire such complex skills is scarce and often we need to use them in our patients without the required certainty to perform them. Our target is to provide an adequate learning tool to the interventional cardiologists who already have experience in structural interventions... but want more!

2026 TACIT MEETING

Directors:

Dr Ignacio J. Amat-Santos
Hospital Clínico Universitario
Valladolid, Spain

Dr Jorge Sanz
Hospital La Fe
in Valencia, Spain

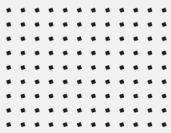

Dr. Jaffar Khan
St Francis Hospital
and Heart Center in
New York, USA

TACIT MEETING 2026

Attendees: 42 people (6 groups of 7 people)

TACIT MEETING

PROGRAM

DAY 1 - NOV 19TH

13:00-14:00 | RECEPTION & LUNCH

At the beginning of the course, a welcome reception will be held for participants. Afterward, lunch will be served.

AORTIC VALVE I

14:00-14:45 | Vascular Challenges

Faculty: Jorge

- Vascular challenges
- **HANDS-ON: Transcaval access**
 - Nacho: step-by-step explanation
 - Practical session using the transcaval simulator

14:45-16:30 | Coronary Protection & Electrosurgical Techniques

14:45-15:00 | HANDS-ON - CT Analysis

- Jaffar: CT analysis and procedural planning
- BASILICA step-by-step

15:00-15:40 | LIVE CASE - Leaflet Modification

- Live case: Philip

15:40-15:45 | Leaflet Modification: Step-by-Step

- Nacho: UNICORN

15:45-16:30 | HANDS-ON - Electrosurgery

- Practical electrosurgical techniques

16:30-16:45 | COFFEE BREAK

16:45-17:15 | Despite All... Coronary Issues

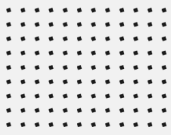

16:45-17:00 | Coronary Obstruction, Chimney & Re-access

Faculty: Arif

- Tips and tricks presentation

17:00-17:15 | HANDS-ON - Re-access & Chimney

- Arif: demonstration using the simulator

TACIT MEETING

PROGRAM

DAY 1 - NOV 19TH

AORTIC VALVE I

17:15-18:00 | Valve-in-Valve, TAV-in-TAV & Mechanical Valves / Cracking

17:15-17:25 | ViV & Bioprosthesis Valve Cracking

Faculty: Luis Nombela

- Tips and tricks in valve cracking

17:25-17:35 | Hands on Cracking

- Showing in the tables how to crack the valves (Luis nombela)

17:35-17:45 | TAV-in-TAV

- Jaffar CT analysis demonstration: Short-in-Tall / Tall-in-Short

17:45-18:00 | TAV-in-Mechanical Valve | HANDS-ON

- Nacho: TAV-in-Mechanical valve in valve simulator

MITRAL VALVE I

18:00-19:30 | Mitral ViV / ViR / ViMAC

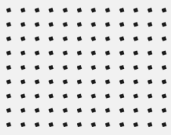

18:00-18:15 | Tips & Tricks for ViV / ViR / ViMAC: Vlasios Ninos

18:15-18:30 | CT Analysis & Case Planning

- Nacho (analysis case for LAMPOON + ViMAC)

18:30-19:30 | HANDS-ON - Mitral Valve

- Mitral valve practical session
- Edwards M3 simulator (Clara)

TACIT MEETING

PROGRAM

DAY 2 - NOV 20TH

WARM-UP SESSION

08:30-09:30 | Know the Technology

Format: Rotation through stations

- Participants rotate through the different technology/simulator stations

MITRAL VALVE II

09:30-10:30 | LIVE CASE LAMPOON + ViMAC

- Jaffar and Moaaz / Jorge

10:30-11:00 | Coffee break

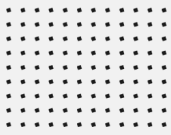

11:00-11:15 | HANDS-ON - CT Analysis

11:15-12:00 | LIVE CASE - SESAME

- Jorge and Nacho /Jaffar

12:00-12:15 | Challenging Mitral TEER Cases

- Pier

TACIT MEETING

PROGRAM

DAY 2 - NOV 20TH

TRICUSPID VALVE

12:20-12:30 | Tips and TRicks - ELASTA

- Luis Nombela

12:30-13:15 | HANDS-ON - ELASTA Simulator

- Mitral simulator / practical demonstration

13:30-14:30 | LUNCH

15:00-17:00 | SPECIAL SESSION

17:30-18:00 | Wrap-up & Closure
